Cotton Tri Blend

Soft cotton modal spandex fabric blends the breathability of cotton, the silky smoothness of modal, and the stretch of spandex for a comfortable, flexible, and luxurious feel.

Jacquard Fabric

Polyester jacquard polo fabric features a durable, textured weave with intricate patterns, offering a stylish and breathable option for comfortable, long-lasting polos.

Textured Cotton Blend

This blended cotton polyester fabric combines cotton with other fibers, offering durability, breathability, and a unique surface feel. Its blend provides softness with added texture, making it versatile for both comfort and performance.

Cushion Fabric

Our Soft Polyester Cushion Fabric offers plush comfort with lasting durability. Ideal for a warmer midlayer that combines luxurious softness with everyday resilience.

Ultra Soft Fleece

Crafted with a blend of recycled Polyester, Viscose and Spandex fibers, this fabric offers an unparalleled level of softness that is soft to the touch and durable for everyday wear.

Herringbone

Our new soft herringbone is a distinctive woven pattern resembling the bones of a herring fish. It features a zigzag or V-shaped design, created by alternating the direction of weave. Ottoman

This fabric features a tightly woven structure with subtle horizontal ribs or corded lines, offering a stylish and tactile dimension. The ribbed weave not only enhances its visual depth but also contributes to its strength and resilience, making it ideal for high-performance or lifestyle applications.

Breeze Fabric

Introducing our latest innovation in fabric technology - Polyester Textured Breeze Fabric, designed to redefine your wardrobe experience with unparalleled lightweight textured comfort. Crafted with meticulous attention to detail, this fabric blends the breathability of a lighter weight fabric for maximum comfort.

Performance Poly Spandex

Our Recycled Poly Spandex fabric combines the best of sustainability and functionality to redefine your activewear experience. Crafted with care from recycled polyester fibers blended with stretchy spandex, this fabric offers exceptional comfort, durability, and performance without compromising on eco-conscious values.

LEVELWEAR FITTING CHART

Fit is one of the foundational building blocks of all garments Levelwear produces. Many factors are taken into account with each fabric and each style to ensure our fits are consistent, comfortable, and look great on the wearer for a variety of applications. Being very in tune with our core customer demographics, we focus on two key fit profiles throughout our collection: Classic Fit and Modern Fit.

Our Classic Fit is featured in about 80% of the Levelwear collection and is a traditional cut that IS ideal for all body

types. Whether you are playing golf, cheering on your favorite team, or going about your daily activities, the classic fit is your everyday wearable go to.

It is accommodating in the shoulders and chest, long enough in the body so it won't come untucked while being active, and generous in the sleeves to provide full coverage. Our Modern Fit reflects emerging trends with its slightly shorter sleeves & fitted body. This creates a trim and athletic look, while still providing full functionality for a variety of body types.

Comfort and enjoyment of any garments is ultimately determined by the fit. We are confident that the Levelwear fit will not disappoint.
